Grant Description: Tioga County SWCD is offering a mini-grant program to local school districts for the purpose of **Conserving, Restoring or Enhancing the Soil and Water Resources of the State**. Employees of Tioga County NY school districts can apply for up to \$1,000 per application to complete a project that directly conserves, restores or enhances the soil and water resources in their local community. The proposed project should be able to be completed by December 2, 2024. Project ideas include but are not limited to: *tree plantings, recycling activities, composting activities, stream clean-ups, water quality monitoring, envirothon activities, rain water collection for use, workshops that directly support or encourage practice adoption, activities related to agricultural best management practices such as rotational grazing, nutrient management and soil health*. Applications will be ranked according to cost-effectiveness and how impactful the project will be to conserving, restoring or enhancing soil and water resources by the grant end date. Tioga County SWCD reserves the right to ask additional questions of submitted applications. The following application must be filled out in entirety to be eligible. You may include additional information, photos, maps or materials that may help explain your project.
