

Early Intervention Program

This program is for children from birth to age three who have developmental delays and disabilities. Its purpose is to ensure that these children receive the services needed to maximize their developmental potential, enabling them to participate fully with their families in all aspects of community life. Early intervention can be provided anywhere in the community-in the home, in childcare centers or daycare providers homes, and at no cost to families:

Services include but are not limited to:

- Full Developmental Evaluations
- Physical, Occupational, and Speech Therapy
- Service Coordination
- Vision Services
- Audiological Evaluations
- Medical/Diagnostic Evaluations
