Due to the guests at this meeting, Ms. Tinney wanted to discuss the following two resolutions in case there were any questions:

F10-Declaration of Excess Property and Approve Sale of Property to TCIDA – Bryant Myers, IDA, was present to answer any questions. Ms. Tinney reported this resolution is asking for the transfer of 2 acres of the County owned property located out on Corporate Drive to the IDA. The purpose is to allow excess to the Town gravel pit property. There is an interested party for a manufacturing project producing 65 -70 jobs. To excess the property this portion of the County property is needed. The IDA had an appraisal done on the 2 acres and ordered a survey that is not complete yet. The estimated value on the 2 acres is $12,900.00. Upon recommendation by the County Attorney, Peter DeWind, a resolution was created to allow this transaction to take place. The IDA Board meets tomorrow night and they will decide whether they will commit to the purchase, but at this time we looking for legislative approval from this committee. Ms. Tinney added that this will not only provide excess to the property, but allow for water and sewer line to be extended. In addition, Ms. Tinney reported the IDA had the balance of the property appraised and surveyed. The result was an appraised value of $45,000.00 for approximately 25 acres.

Ms. Tinney also asked all departments at the last Leader’s Meeting if there was any need or interest in this property and everyone responded with having no interest. After a few questions and a short discussion, all were in favor in moving this resolution forward.
F09-Authorizing Legislative Chair Signature on Finger Lakes Wine Country Tourism Marketing Association Agreement and Authorizing Payment of Annual Fee – Becca Maffei, Tourism, was present to answer any questions. Ms. Tinney indicated there have been many discussions about the County’s membership in the Finger Lakes Wine Country Tourism Marketing Association (FLWCTMA) and that there would be a $60,000.00 per year commitment for three years. There has not been a formal agreement until now. First, the resolution asks for the Legislative Chair’s signature on the agreement. Second, the resolution asks that the checks be made payable to the LDC and the LDC would then make the payment to the FLWCTMA. Doing it this way would increase Tourism’s budget, as well as, increase the ability to obtain additional funding for marketing purposes through the I Love NY Grant applied for every year. After a few questions and a short discussion, all were in favor in moving this resolution forward.

CORNELL COOPERATIVE EXTENSION: Andy Fagan – Mr. Fagan distributed his monthly report highlighting Agriculture and Horticulture, Regional Dairy and Field Crops, 4-H Youth Development, Family Development, Youth Employment, EatSmart NY, Community Development and miscellaneous updates for the month of May. Ms. Saraceno has met with Mr. McFadden and they looked over the list of properties that are going up for foreclosure.
