Chairwoman Sauerbrey reported there is an increasing number of pending tests. You will continue to see this daily. Some individuals are being tested that we do not know about as they are finding other drive-thru testing. There has been some challenge getting test results from all facilities. In some cases, patients are being notified before Public Health is notified.

Chairwoman Sauerbrey reported the County continues to operate under the Governor's Executive Order for reduced staffing and specific office closures, therefore, offers the following guidance:

- **Board of Elections** will be open Monday through Thursday from 9 AM - 1 PM with reduced staffing. Emails directed to Votetioga@co.tioga.ny.us will be responded to as timely as possible. Currently, the Democratic Presidential Primary has been postponed to Tuesday, June 23, 2020. Election Inspectors will be notified of their assignment in late May.
- **Department of Motor Vehicles office is closed, per the Governor's Executive Order.** However, the following conditions have been granted:
 - NYS DMV will honor any 5-hour pre-licensing course certificates that expire during this state of emergency. Once road test scheduling resumes, they will also honor any 5-hour course certificate that expires while the person is waiting for their scheduled test date.
 - There will be NO automatic downgrades for CDLs where the medical certificate has expired as long as the certificate was valid as of February 29, 2020. If the medical certificate expired on or after March 1, 2020, then the CDL is still valid until the state of emergency is lifted and normal processing in DMV offices can resume.
 - Renewal deadlines for all driver's licenses, learner's permits, and non-driver ID cards are extended during the time of emergency.
